

Olympic Tent

Superior tents with style and durability

Olympic Tent means guaranteed performance. The unequivocal leader in the party tent and special event tent industry, Olympic Tent has devoted more than 75 years to driving design innovation, advancing structural quality and defining service standards. We introduced the first domestic slide-in tops for 10 feet wide up to 50 feet wide frames many years before anyone else.

Remarkably durable and easy to maintain, Olympic Tents will last longer and look better longer. The Olympic Tent system combines superior vinyl tent top fabric with the strongest frame system available today.

PRODUCTS: Olympic Tent products are designed to save you money. The Olympic Tent system is the fastest installing frame tent on the market, saving installation hours as well as hours spent teaching the system to new installers. Olympic Tents are specifically designed to add profits and reduce operating costs for party rental stores by reducing the number of parts needed and saving up to 30 percent on your labor costs.
