### ***Fine linens and endless print possibilities***

A1 Tablecloth is a full service linen manufacturer and supplier. We rent and sell tablecloths, napkins, skirts, chair covers, drapes and seat cushion covers. A1 is constantly expanding its inventory to offer everything you need.

We offer more than 30 fabrics in standard rental sizes. Rentals are available nationwide through our seven-day rental program. We treat our rental linens as you would your own, keeping them clean and discarding or recycling the unacceptable.

Our inventory is not limited to what you see. A1's custom printing department brings the opportunity for unique looks and customization specific to themes and spaces. Looking for specialty linens? Our Designer Collection is a custom-designed, high-end line of fabrics inspired by the latest trends. Styles include damasks/jacquards, metallics, prints and woven cloths available on a limited basis as finished tablecloths or by the yard.
